

## Operation Instructions

- 01 Keep button pressed for minimum 5 seconds to start recording. Then **RECORD LED** flashes 5 times, which indicates a successful starting. Tear off serial number label for your reference.

- 02 Press button once at any time to check the current status of the logger. See details of these optional features in table below.

- 03 Keep button pressed for minimum 5 seconds to stop recording. Then **ALARM LED** flashed 5 times which indicates a successful stopping.

- 04 After stopping record, tear off the transparent plastic cover and connect the logger to a USB port of the computer. The PDF and CSV report will be generated automatically and can be found in the device's folder.
